Try to include a vocabulary term from a previous unit for how imperialist nations such as Great Britain used their colonies for economic gain.

You should be able to complete this around 11/6

2. This question is asking you to explain how the desire for resources led to competition for colonies and rivalries that would develop among nations over these imperialistic actions.

You should be able to complete this around 11/6

3. This question is asking you to compare and contrast the economic systems of communism and capitalism. You know use a Venn diagram to complete this.

You should be able to complete this around 10/31

### Document Analysis

- This can be done around 10/27
- -Make sure you do not write in any of your responses in this section that the document was created to inform students

### Miscellaneous

- I encourage you to use the terms and people in your answers, this will help you improve in your writing of historical essays.
- If you become frustrated or are struggling- ASK for help before it's too late
- I suggest getting ahead on the vocabulary if you can. The pacing guide is to balance the work, it will be easier to understand the lessons if there is a foundation of the vocabulary and people first. This also allows you to use the last week of the unit to do the essential questions instead of the vocabulary.

- The vocabulary and people can be tough- make a quizlet or flashcards to help you study these, not knowing these terms and people will make the essential questions very difficult
- It should take about 4 -5 minutes to complete a vocabulary term
- Essential questions should be about 5-8 sentences in length
- If you are spending more than 90 minutes per week on this and falling behind please see me for assistance.
- DO NOT PROCRASTINATE
