- This can be done around 11/21
- -Make sure you do not write in any of your responses in this section that the document was created to inform students

Miscellaneous

- I encourage you to use the terms and people in your answers, this will help you improve in your writing of historical essays.
- If you become frustrated or are struggling- ASK for help before it's too late
- I suggest getting ahead on the vocabulary if you can. The pacing guide is to balance the work, it will be easier to understand the lessons if there is a foundation of the

vocabulary and people first. This also allows you to use the last week of the unit to do the essential questions instead of the vocabulary.

- The vocabulary and people can be tough- make a quizlet or flashcards to help you study these, not knowing these terms and people will make the essential questions very difficult
- It should take about 4 -5 minutes to complete a vocabulary term
- Essential questions should be about 5-8 sentences in length
- If you are spending more than 90 minutes per week on this and falling behind please see me for assistance.
- DO NOT PROCRASTINATE
