

Globalization: Speed Dating World Organizations

You have been assigned the role of leader of a world organization. Your task is to research your organization and create a resume using the template on Blackboard for “your organization” that includes **information** in these **areas**: *objective/ purpose, summary of what your organization does, members of your organization, when organization founded, and any other information that you deem important*. In addition to the resume, you should make a “nameplate” that identifies your organization (and any information you wish to share). Be creative, in your nameplate.

During the speed dating, you will have about 2 minutes to share your organization’s story and 2 minutes to listen to the story of the person’s organization with whom you are paired. It will be your “task” to figure out whom you have “met” and who would make the best mate to partner with to bring about the most positive change on a global level.
